Medical student/Resident name:

Resident number:

**OSCE grading** — please comment on the following 4 things while watching the video. Also review the attitudes survey and the actor’s grading. When you go over the video with the medical student/resident, comment on what they were missing from below and how the actor graded them. Give them tips of what they could do differently next time to score better.

- Attitude towards the patient

- Orthostatics – were they checked?

- Gait – did they observe the patient walk?

- Treatment plan — did they prescribe a cane for the patient?
